

Thank You to the German Embassy's Charity Committee!!!

Moscow Animals would like to thank the **German Embassy in Moscow** and in particular the **Embassy's Charity Committee** for their donation from the proceeds of the German Embassy Bazaar in November 2009 to our organization!

The donation has been used to purchase de-worming pills, vaccines and microchips and thanks to this, all the dogs belonging to Katya Volkova (home, dacha, one other shelter) have now been (re-) vaccinated (April 2010) and are now all equipped with travel documents and microchips! Thank you also to future DVM Vova Shishmaryov (Yuri & Valeria's son) for coming to all three places to handle the vaccinations!
